

DAVID MARCOZZI, ASSOC. AIA
ASSOCIATE PRINCIPAL

EDUCATION

BArch, 2004, University of North Carolina

BA, 2004, University of North Carolina

BACKGROUND

Peter Fillat Architects, Associate Principal, 2006-Present

AFFILIATIONS

Assoc. Member, American Institute of Architects

Member, Urban Land Institute

Design Review Committee, Member, South East Community Development Corporation, SECDC

Mr. Marcozzi's strength lies in his multidisciplinary approach to design. Incorporating architecture, interiors, landscape, and urban planning into a singular thought process allows for in depth analysis of the issues that inform design solutions. In addition, Mr. Marcozzi's deep seated interest in recognizing and understanding cultural biases towards design add another layer of complexity to his design process while applying non-architectural principles to architecture.
